Final Rule
23 CFR Parts 450 and 500
49 CFR Part 613

**Statewide Transportation Planning;
Metropolitan Transportation Planning**

As of April 19, 2007 10

This Presentation

- **PART I: Guiding Principles, Rulemaking Overview and Key Changes from the NPRM**
- **PART II: Scope of the Transportation Planning Process**
- **PART III: Consultation / Participation Requirements**
- **PART IV: Products from the Transportation Planning Process**

As of April 19, 2007 11

Guiding Principles

- **Minimize the areas and levels of controversy;**
- **Use statutory requirements and language to the extent possible; and**
- **Use “plain language.”**

As of April 19, 2007 12

Overview of Rulemaking Schedule

- SAFETEA-LU Passed: August 10, 2005
- NPRM Published: June 9, 2006
- Extensive Public Outreach with 90-Day Open Docket
- Comment Period Closed: September 7, 2006
- Final Rule Published: February 14, 2007
- Final Rule Effective: March 16, 2007
- SAFETEA-LU Compliance Date: July 1, 2007

As of April 19, 2007

13

Major Comments on NPRM

- 150 sets of correspondence containing more than 1,600 individual comments.
- State DOTs, MPOs / COGs, and advocacy organizations accounted for approximately 85 percent of comments

As of April 19, 2007

14

Major Comments on NPRM (continued)

- 4 Major issues:
 1. Including Fiscal Constraint Guidance in Appendix
 2. Including guidance for Linking Transportation Planning and Project Development / NEPA Processes in Appendix
 3. Schedule for meeting the July 1, 2007 SAFETEA-LU compliance date
 4. Coordinated Public Transit – Human Services Transportation Plans

As of April 19, 2007

15

Key Changes from NPRM

Issue 1: Fiscal Constraint

- Appendix B removed
- Elements of former Appendix B brought into Rule:
 - “Year of expenditure dollars” – effective December 11, 2007
[See 23 CFR 450.216(l), 450.322(f)(10)(iv) and 450.324 (h)]
 - Financial plan shall contain systems-level estimates of costs and revenue sources to adequately operate and maintain federally funded highway and transit facilities
[See 23 CFR 450.216(m), 450.322(f)(10)(i), and 450.324(h-i)]

As of April 19, 2007

16

Key Changes from NPRM (continued)

Issue 1: Fiscal Constraint

- Elements of former Appendix B brought into Rule *(continued)*:
 - Optional use of “cost ranges / cost bands” beyond first 10 years of the metropolitan transportation plan
[See 23 CFR 450.322(f)(10)(v)]

As of April 19, 2007

17

Key Changes from NPRM (continued)

Issue 2: Linking the Transportation Planning and Project Development / NEPA Processes

- 23 CFR 450.212 and 23 CFR 450.318 encourage linkages between the transportation planning and project development / NEPA processes
- Clarifying that Appendix A is not regulatory and binding

As of April 19, 2007

18

Key Changes from NPRM (continued)

Issue 2: Linking the Transportation Planning and Project Development / NEPA Processes *(continued)*

- **Emphasis was added to the preamble and the Rule text that the proposed Final Rule fulfills the intent of TEA-21 section 1308**
[See 23 CFR 450.212(a) and 450.318(a)]
- **All existing rule references to the MIS as a stand-alone requirement have been removed**

As of April 19, 2007 19

Key Changes from NPRM (continued)

Issue 3: Schedule for meeting July 1, 2007 SAFETEA-LU compliance date

- **Adopted the approach outlined in May 2, 2006 clarifying guidance**
- **FHWA / FTA actions beginning July 1, 2007, require SAFETEA-LU compliance of the documents that are being approved**
- **States / MPOs advised to keep FHWA / FTA apprised of progress in achieving compliance**

As of April 19, 2007 20

Key Changes from NPRM (continued)

Issue 4: Coordinated Public Transit – Human Services Transportation Plans

- **Descriptive detail provided in FTA Circulars for 5310, 5316, and 5317 programs**
- **Local officials determine who prepares the Coordinated Plan**
- **Consistency required between preparation of the Coordinated Plan and applicable metropolitan or Statewide transportation planning processes**
[23 CFR 450.306(g)]

As of April 19, 2007 21

Rule Structure

- **Title 23, Part 450**
 - **Subpart A – Transportation Planning and Programming Definitions**
 - **Subpart B – Statewide Transportation Planning and Programming**
 - **Subpart C – Metropolitan Transportation Planning and Programming**
 - **Appendix A – Linking the Transportation Planning and NEPA Processes**

As of April 19, 2007 22

Rule Structure (continued)

- **Title 23, Part 500 – Management and Monitoring Systems**
- **Title 49, Part 613 – Metropolitan and Statewide Planning**

As of April 19, 2007 23

Final Rule on Metropolitan and Statewide Transportation Planning – April 19, 2007 (1:00-3:00PM EDT)

PART II: Scope of the Transportation Planning Process
(1:25 – 1:35PM, EDT)

Charles (Charlie) R. Goodman
Office of Planning and Environment
Federal Transit Administration
U.S. Department of Transportation
(Washington, DC)

The Center for Transportation and the Environment, North Carolina State University

Final Rule Key Requirements

Statewide Transportation Planning;
Metropolitan Transportation Planning

As of April 19, 2007 25

Topic Areas

1. Scope of the Transportation Planning Process
2. Consultation / Participation Requirements
3. Products from the Transportation Planning Process

As of April 19, 2007 26

Expanded Factor – Consistency with Growth and Economic Development

- Planning factor to “protect and enhance environment, promote energy conservation and improve quality of life” expanded to also include “promote consistency between transportation improvements and State and local planned growth and economic development patterns”
[23 CFR 450.206 and 450.306]
- Flexibility for States and MPOs to determine which agencies with whom to coordinate

As of April 19, 2007 27

Separate Factor – Security

- Security and Safety Stand-Alone Planning Factors
 - De-coupling Safety and Security adds emphasis to each
[23 CFR 450.206 and 450.306]
 - Encourages transportation planning process to be consistent with applicable security plans, programs, and projects
[23 CFR 450.208(h) and 450.306(h)]

As of April 19, 2007 28

Separate Factor – Security (continued)

- Long-range statewide and metropolitan transportation plans should include a security element that incorporates or summarizes the priorities, goals, or projects set forth in other transit safety and security planning and review processes, plans, and programs, as appropriate
[23 CFR 450.214(e) and 450.322(h)]

As of April 19, 2007 29

Separate Factor – Safety

- Strategic Highway Safety Plan
 - Encourages transportation planning process to be consistent with new Strategic Highway Safety Plan
[23 CFR 450.208(h) and 450.306(h)]
 - Long-range statewide and metropolitan transportation plans should include a safety element that incorporates or summarizes the priorities, goals, countermeasures, or projects contained in the Strategic Highway Safety Plan
[23 CFR 450.214(d) and 450.322(h)]

As of April 19, 2007 30

Planning and the Environment

- Environmental Mitigation Activities and Consultation
 - Long-range statewide transportation plans/metropolitan transportation plans include a discussion of potential environmental mitigation activities (at the policy and/or strategic-levels)
[see 23 CFR 450.214(j) and 450.322(f)(7)]

As of April 19, 2007 31

Planning and the Environment (continued)

- Environmental Mitigation Activities and Consultation (continued)
 - Developed in consultation with Federal, State and Tribal wildlife, land management, and regulatory agencies
 - Allows States / MPOs to establish reasonable timeframes for performing consultation

As of April 19, 2007 32

Planning and the Environment (continued)

- Linking Planning and NEPA [see 23 CFR 450.212 , 450.318(b), and Appendix A]
 - Included as Appendix A – non-binding guidance, based on February 2005 FHWA / FTA program guidance
 - Fulfills TEA-21 requirement for Secretary of Transportation to eliminate the major investment study as a separate requirement and, as appropriate, integrate the requirement into the transportation planning and NEPA process

As of April 19, 2007 33

Planning and the Environment (continued)

- Linking Planning and NEPA (continued) [see 23 CFR 450.212 , 450.318(b), and Appendix A]
 - **Permissive – identifies conditions for planning studies to inform environmental reviews**

As of April 19, 2007 34

Operational & Management Strategies

- Metropolitan transportation plans shall include operational and management strategies to:
 - Improve the performance of existing transportation facilities to relieve congestion and
 - Maximize the safety and mobility of people and goods
[see 23 CFR 450.322(f)(3)]

As of April 19, 2007 35

Operational & Management Strategies (continued)

- Long-range statewide transportation plans should include: capital, operations and management strategies, investments, procedures, and other measures to ensure the preservation and most efficient use of existing transportation system
[see 23 CFR 450.214(b)]

As of April 19, 2007 36

Congestion Management Process in Transportation Management Areas (TMAs)

- **Coordination as part of Congestion Management Process (CMP):**
 - **CMP should result in multimodal system performance measures and strategies** [see 23 CFR 450.320]
 - **Revises 23 CFR 500.109 regarding Congestion Management Systems**
 - **Key Input to Development of Metropolitan Transportation Plans in TMAs**

As of April 19, 2007 37

MPO Designations/Redesignations

- **Official agreements required among multiple MPOs in UZAs**
[see 23 CFR 450.310(l)-(m)]
- **Redesignation required if substantial change:**
 - **In proportion of voting members**
 - **In decision-making authority or responsibility of MPO**

As of April 19, 2007 38

MPO Designations/Redesignations
(continued)

- **Redesignation not required as a result of:**
 - **New Urbanized Area census designation;**
 - **New members from expanded planning area;**
 - **New members as a result of TMA designation; or**
 - **Periodic rotation of membership.**
- **Prior MPO designation remains in effect until redesignation**

As of April 19, 2007 39

- **Definitions for “Consultation,” “Coordination,” “Consideration,” and “Cooperation”** [23 CFR 450.104]
- **Repeats SAFETEA-LU language for consultation with State, Tribal and local agencies**
[23 CFR 450.214(i), 450.316(b) and 450.322(g)]
- **No change to requirements for consultation with non-metropolitan local officials** [23 CFR 450.210(b)]

As of April 19, 2007 42

Consultation (continued)

- Long-range statewide transportation plan shall be developed, as appropriate, in consultation with State, tribal, and local agencies responsible for:
 - Land Use Management;
 - Natural Resources;
 - Environmental Protection;
 - Conservation; and
 - Historic Preservation.

As of April 19, 2007 43

Consultation (continued)

- Shall involve comparison of transportation plans to State / Tribal conservation plans or maps, and to inventories of natural or historic resources, if available
[see 23 CFR 450.214(i)]
- Similar provisions for the development of metropolitan transportation plans
[see 23 CFR 450.322(g)]

As of April 19, 2007 44

Coordination of Planning Process Activities

- States shall coordinate data collection and analyses with MPOs and public transportation operators
[see 23 CFR 450.208(a)(7)]
- States / MPOs may apply asset management principles and techniques to establish planning goals, define STIP/TIP priorities, and assess transportation investments
[see 23 CFR 450.208(e) and 450.306(e)]

As of April 19, 2007 45

Coordination of Planning Process Activities (continued)

- Statewide / metropolitan transportation planning processes shall (to the maximum extent practicable) be consistent with the development of regional ITS architectures
[see 23 CFR 450.208(f) and 450.306(f)]

As of April 19, 2007 46

Interested Parties, Public Involvement, and Consultation

- List of "interested parties" now includes: representatives of users of pedestrian walkways and bicycle transportation facilities, representatives of the disabled, freight shippers and providers of freight transportation services

PART IV: Products from the Transportation Planning Process (2:10 – 2:20PM, EDT)

Charles (Charlie) R. Goodman
Office of Planning and Environment
Federal Transit Administration
U.S. Department of Transportation
(Washington, DC)

The Center for Transportation and the Environment, North Carolina State University

Metropolitan Planning Agreements

- **Locally determined “rules of engagement”**
[see 23 CFR 450.314]
- **Shall provide for cooperative development and sharing of financial data used in metropolitan transportation plans, TIPs, STIPs, and Annual Listing of Obligated Projects**

As of April 19, 2007 55

Metropolitan Planning Agreements *(continued)*

- **Ideally, a single Agreement among MPO, State, and transit operators**
- **Describes coordination arrangements in areas with overlapping planning areas**

As of April 19, 2007 56

Definitions

- **Planning cycles**
 - Update
 - Revision
 - Amendment
 - Administrative modification
- **Fiscal constraint**
 - Available funds and
 - Committed funds
 - Financial plan
- **Air quality conformity**

As of April 19, 2007 57

Planning Cycles

- **Metropolitan transportation plans must be updated at least every four years in air quality nonattainment and maintenance areas**
[see 23 CFR 450.322(c)]
- **Metropolitan transportation plans in attainment areas must be updated at least every five years**
[see 23 CFR 450.322 (j)]

As of April 19, 2007 58

Planning Cycles *(continued)*

- **STIPs and metropolitan TIPs must be updated at least every four years**
[see 23 CFR 450.216(a) and 450.324(a)]
- **STIPs and TIPs shall cover a period of no less than four years**
[see 23 CFR 450.216(a) and 450.324(a)]

As of April 19, 2007 59

July 1, 2007 Compliance Date

- **All State, MPO and FHWA / FTA actions on transportation plans and programs taken on or after July 1, 2007 (i.e., updates, amendments, STIP approvals, and conformity determinations) are subject to these provisions**
[23 CFR 450.224 and 450.338]

As of April 19, 2007 60

Fiscal Constraint

- Fiscal constraint required for STIPs, TIPs, and metropolitan transportation plans
- Retains provision that projects included in the first two years of the TIP / STIP in air quality nonattainment and maintenance areas shall be limited to those for which funds are “available or committed” [see 23 CFR 450.324(i) and 450.216(m)]
- “Agreed to” list of projects required at TIP / STIP updates only

As of April 19, 2007

61

Annual List of Obligated Projects

- Reflects expanded requirement to specifically include bicycle and pedestrian projects
[see 23 CFR 450.332]
- Annual listing cooperatively developed by the MPO, State(s), and public transportation operator(s) – within 90 days of end of program year

As of April 19, 2007

62

Annual List of Obligated Projects

(continued)

- Cooperative effort between the MPO, State(s), and public transportation operator(s) to assemble supporting financial information must be identified in the Metropolitan Planning Agreement
[see 23 CFR 450.314(a)]

As of April 19, 2007

63

Coordinated Public Transit – Human Services Transportation Plan

- Coordinated plan needed for funding under Elderly / Disabled, JARC and New Freedom Programs under Title 49 (transit)
- Consistency required between preparation of the Coordinated Plan and applicable metropolitan or Statewide transportation planning processes
[see 23 CFR 450.306(g)]
- Local officials to determine appropriate “lead;” does not have to be MPO
- Projects reflected in applicable metropolitan transportation plan, TIP, and STIP

As of April 19, 2007

64

Public Outreach

- Today’s April 19, 2007 CTE national broadcast
